ABOUT THIS REPORT

A MESSAGE FROM KELLY ROBLES, AZTRANSFER EXECUTIVE DIRECTOR

AZTransfer supports Arizona's public postsecondary institutions in their endeavors to increase degree attainment through community college to university transfer. AZTransfer develops processes and resources to help institutions achieve transfer goals and ensure the continued success of the Arizona Transfer System.

AZTransfer member institutions are each as unique as the communities they serve, and AZTransfer takes pride in tailoring our services to meet individual needs. This annual partnership report identifies, summarizes, and archives the key contributions made to your institution by AZTransfer staff, with the support of all AZTransfer institutions, in the 2016-2017 academic year.

Kelly Robles
Executive Director

MEMBERSHIP

AZTransfer's organizational structure is built around multi-institutional collaboration throughout all of our committees and workgroups. By bringing all 15 higher education institutions together, AZTransfer is well-positioned to implement meaningful change to positively impact the student transfer experience. These committees represent a variety of educational interests including strategic planning, academic advising, admissions/records, curriculum planning, and data and evaluation.

AZTransfer is organized into several key bodies including a Steering Committee, AZTransfer Facilitators, and Articulation Task Force (ATF) faculty/staff representatives. These groups are the collective membership of each of our 15 higher education institutions in Arizona. It is a point of pride for AZTransfer that each of our 50+ committees has at least one representative from our participating institutions. This in-kind commitment of time and effort is made voluntarily by each school and is a testament to the value they place on the work that we do.

ARTICULATION TASK FORCES

AZTransfer manages 41 discipline specific Articulation Task Forces (ATFs) comprised of over 1,700 individual participants who meet annually. ATFs consist of faculty members appointed by their institution to represent both the institution and their specific academic discipline(s). ATFs serve as a forum for public community colleges and universities to cooperatively exchange articulation information in a timely manner in order to actively participate in the implementation of the Arizona Transfer System.

Below is a summary of institutional participation in the Articulation Task Forces for the 2016-2017 academic year identifying facilitators, chairs, and hosts for given disciplines.

ATTENDED: 36 ABSENT: 4 NO PROGRAM: 4

FACILITATED MEETINGS

Institutions designate an ATF Facilitator who has responsibilities institutionally and statewide for managing the operational procedures supporting transfer articulation in Arizona. Facilitators provide oversight and coordination of processes and procedures related to ongoing maintenance of course equivalencies and transfer tools. Facilitators ensure faculty and staff are familiar with the Arizona Transfer System.

CHAired MEETINGS

Faculty from each institution voluntarily chair ATF meetings each academic year. Responsibilities of the chair include communicating meeting information and agenda to ATF members, coordinating and leading discussion of business items, and working with the assigned AZTransfer Facilitator to ensure accuracy and appropriate meeting documentation.

PCC CHAired MEETINGS: NONE

HOSTED MEETINGS

Institutions voluntarily host ATF meetings each academic year. Responsibilities of hosts include scheduling rooms, setting up teleconference equipment, providing refreshments/lunch, communicating signage and parking details, recommending lodging for traveling faculty, and making special accommodations when applicable.

DATA REPORTING

AZTransfer prepares approved reports and supplies ad hoc data to the institutions related to transfer students and their enrollment at the colleges and universities, utilizing the Arizona State System for Information on Student Transfer (ASSIST). In addition to reports regularly made available to each institution via a web portal, AZTransfer is asked by individual institutions to provide institution specific data to meet grant requirements. This includes data on outcomes of Reverse Transfer students, data for the Western Alliance to Expand Student Opportunities grant project to analyze student course progression, and data on student transfers in STEM programs.

ASSIST is a relational database containing enrollment and degree information on students attending Arizona's public universities and community college districts. The public universities and colleges submit prescribed data files to AZTransfer, each containing data about students enrolled at their institution and degrees received. Using an eight-step algorithm, AZTransfer processes the submitted students to determine the ASSIST student identification number and adds the data to the database, thus providing the institutions with the capability to track their students as they attend institutions around the state without identifying the specific student. The ASSIST Steering Committee oversees ASSIST usage. Each institution appoints a Data Contact who is responsible for submitting the prescribed data files.

STANDARD REPORTS

The first goal of ASSIST is to provide information to assess the effectiveness of Arizona's general education curriculum and transfer model. AZTransfer prepares several reports throughout the year for each institution that report on the number of the institution's students that transferred to the universities, and the number of their transfer students that received baccalaureate degrees. These reports are distributed by AZTransfer to both the ASSIST and AZTransfer Steering Committees. The information in ASSIST is also available to participating institutions directly, so that institutions may produce reports that meet their specific need.

OTHER REPORTS & PROJECTS

In addition to standard reporting, AZTransfer prepares reports requested by the ASSIST Steering Committee, such as when all institutions are asked to prepare a report for an external entity or when a new report is requested. AZTransfer will access ASSIST on behalf of the individual institutions and prepare the same report for each institution. Examples of this type of reporting completed in 2016-2017 include a comparison of the performance of new transfers in their junior year to the junior year performance of new freshman, the reporting of performance in subsequent courses at the universities in the same discipline as the community college course, and a report of baccalaureate degree recipients with any Arizona community college credits.

COURSE EVALUATION

The Arizona Course Equivalency Tracking System (ACETS) is a web-based application that tracks course equivalency decisions, including SUN courses, as the courses move through the statewide evaluation and articulation process. ACETS supports all decision-making required to establish equivalencies in Arizona beginning with the initial request for an equivalency evaluation and ending with the creation of a report to be used by Arizona university encoders. ACETS tracks the timeframe for course equivalency from source institution to target institution and triggers a report to target institutions when timelines are outside normal boundaries. A target school records its decision in ACETS within 45 days and encodes it within 15 days. Institutions can check recent information activity by querying the database.

CURRICULUM APPROVAL & FORM ROUTING

The Academic Curriculum Review & Evaluation System (ACRES) is available for Arizona institutions to use for their formal internal curriculum review and evaluation process. Curriculum approved through ACRES can be submitted directly to ACETS with a single click. Other institutional processes can also be deployed in ACRES such as Program Approval forms, institutional Degree/Certificate forms, Employee Development and more.

In Spring 2017, Pima Community College began exploring the use of ACRES. This fall, PCC has started development of course forms in ACRES with plans to begin a pilot phase in Spring 2018. Pima will join these other Arizona institutions who already enjoy a full implementation of the ACRES system:

Arizona State University
Arizona Western College
Central Arizona College
Chandler-Gilbert Community College
Coconino Community College
Estrella Mountain Community College
GateWay Community College
Glendale Community College
Maricopa Community Colleges
Mesa Community College

AZTRANSFER SUMMIT

The AZTransfer Summit is a conference for faculty and transfer professionals in Arizona public postsecondary education to convene and network, share best practices, explore trends in transfer, and learn more about the Arizona Transfer System. The fourth annual Summit was held April 13-14, 2017 at the WeKoPa Resort in Scottsdale, AZ. The conference theme, Higher Degrees in Our Forecast, focused on the ways the Arizona Transfer System and activities of its member institutions contribute to increasing degree completion in Arizona.

REPORTS & MANUALS

JLBC REPORT

In accordance with ARS 15-1824, AZTransfer prepares this annual report to the Joint Legislative Budget Committee on the progress toward improving articulation and transfer in Arizona. This report is published and distributed to stakeholders statewide in December. It is available in print and online.

ASSIST REPORTS

ASSIST produces four standard reports annually. These reports, available online, are:

- Arizona Statewide Transfer Student Profile Summary
- Baccalaureate Degree Recipients from Arizona Community Colleges
- New Transfers from Arizona Community Colleges
